

**Love is patient, love is kind. It does not envy, it does not boast, it is not proud. It is not rude, it is not self seeking, it is not easily angered, it keeps no record of wrongs. Love does not delight in evil, but rejoices with the truth. It always protects, always trusts, always hopes. Always perseveres.**

# Prayer Request

I want to thank everyone for their prayers for Scott this past month...the surgery was not a complete success and he has had some complications but thankfully he is feeling much better now and will return to work next week. Please pray for Rob Wagner as he has agreed to help with the senior high Sunday school class. We appreciate all of his help and guidance. Also please continue to lift up the pastor nominating committee and our work to find a new minister. Please remember our military personnel and all of our first responders. This month let's focus on loving one another as we love ourselves. Take time to show the love of God to someone who may not know Him. Take care and I look forward to seeing all of you in the month of February!
